Those fractions are all one half. The top number is half of the bottom number. The denominator is two times the numerator. When we change an equivalent fraction to its lowest terms, it's called simplifying or reducing the fraction. That just means we take $5/10$ (five tenths) and call it $1/2$ (one half).

Math — 4 - Easy Peasy All-in-One Homeschool

So if you have completed all of their levels I wouldn't add in anything else for spelling for 9th grade unless your student is still struggling in this area. One thing that you should note with this curriculum is that it's teacher led, and we spent about 15-20 minutes each day working on our lessons.
