Biology Pearson Workbook Second Hand

Teachers and students should find this book invaluable. The ability for students to retain a 4-year electronic subscription is a great benefit, since this text covers most or all of what would normally be offered in a first year college biology course. The first edition of this series was pretty good. The second edition is really, really good.

Biology. Biology is the science of living beings. The term Biology comes from two Greek words (bios means life and logos means knowledge). Aristotle is regarded as the father of Biology. We find two types of life in nature. One is plant while the other is animal. Accordingly Biology has been divided into two branches: Botany and Zoology.
