### Color Review Guide Answers

We've asked the SmartStyle color experts your most pressing questions. Here are their answers: Why does red fade faster than other colors? The molecules in red dye are larger than those of other colors and don't penetrate as well into the hair cuticle.

### Ask the Experts: Your Hair Color Questions, Answered ...

There are also definitions (or categories) of colors based on the color wheel. We begin with a 3-part color wheel. Primary Colors: Red, yellow and blue. In traditional color theory (used in paint and pigments), primary colors are the 3 pigment colors that cannot be mixed or formed by any combination of other colors.

### Basic Color Theory - Color Matters

What do you know about hair color theory? Being a hairdresser requires you to be knowledgeable about any new trends that come up. There are more modern coloring techniques such as ombre in which hair is dark on the crown and gradually becomes lighter at the bottom. These are off the scalp techniques and can be applied through all different methods. Find out what you know about hair color ...

### Hair Color Theory Test! Trivia Questions Quiz - ProProfs Quiz

A color study is usually a small painting or drawing which focuses almost entirely on color arrangements. The goal of a color study is not to create a beautiful painting, but rather to explore and test different arrangements of color. It is often done as a lead-up to a more serious painting.

The Color of Water (1997) is the bestselling memoir of James McBride, a biracial journalist, jazz saxophonist, and composer whose Jewish mother gave birth to twelve children, all of whom she raised in a housing project in Brooklyn. His mother witnessed the premature death of her first husband, a reverend, and through sheer force of will saw each of her children graduate from college.
