Contagious Communities Medicine Migration And

Contagious Communities: Medicine, Migration, and the NHS in Post War Britain Roberta Bivins Abstract. It was only a coincidence that the NHS and the Empire Windrush (carrying 492 migrants from Britain's West Indian colonies) arrived together. As the ship's passengers disembarked in June 1948, frantic preparations were already underway for ...

Yet the reciprocal impacts of post-war immigration and medicine in post-war Britain have yet to be explored.

Contagious Communities casts new light on a period which is beginning to attract significant historical interest. Roberta Bivins draws attention to the importance - but also the limitations - of medical knowledge, approaches, and professionals in mediating post-war British responses to race, ethnicity, and the emergence of new and distinctive ethnic communities.

Contagious Communities - Roberta Bivins - Oxford ...

Contagious Communities both broadens our understanding of the history of the NHS and brings the history of migration into our understanding of the development of medicine. It offers an exploration of three interconnected questions: the extent to which migration
