Cruising In Catamarans

Cruising cats make good "powerboats" as well. For best fuel economy, cats usually run only one engine at a time and use both engines only when punching into head seas. For example, Hands powers at 7 knots with one engine at cruising speed (2,400 rpm), at 8 knots with both engines, and at 9 knots with both engines at full throttle.

Why Cruise a Catamaran? | Cruising World

Charles Kanter's "Cruising in Catamarans" is an excellent book that tells readers a lot about hull, deck, and interior configurations, exterior rigging options, and advice on how to sail them and park them in lousy as well as optimum conditions.

The appeal of comfortable sailing without heeling, of privacy only attainable with good separation of living and sleeping spaces, and a panoramic view with extraordinary deck space--not to mention shoal draft...

The Complete Guide To Long Distance Sailing Catamaran ...

Although catamarans have been used for a very long time in the oceans, it was only recently that catamarans have become more popular amongst sport and cruising sailors. Seafaring Polynesians used catamarans to settle the world's most far-flung islands. In the 1870s an American, Nathanael Herreshoff, built catamarans to his own design.

Our Top Ten Favorite Cruising Catamarans

Modern cruising catamarans are reliable, safe and comfortable, offering a captain and crew space to stretch out and enjoy life, whether in a tropical harbor or clicking off the miles to a far-flung destination. What is a catamaran? By design, catamarans are stable platforms for work and play.

Catamarans, Sailing and Cruising Catamarans | Cruising World

Sail cruising on a catamaran is a lot of fun and, of course, very comfortable. The aft deck is well-shaded and protected from the wind, as well as spacious. The foredeck offers a great and fresh chilling out area - just set up a shade, chuck a few cushions around and enjoy the breeze.

How to pick the best sailing catamaran - The Wayward Home

Like sailing catamarans, there are a few types of power catamarans. 1) Power Cruising Catamarans. Similar to sailing cruising catamarans, they also have power cruising catamarans. These also have living quarters and are stable while out on the water. The speed of these vessels highly depends on the motors equipped and the size of the boat itself.

How Fast Do Catamarans Go? 5 Types Explained (With ...

Otherwise, these boats make great offshore cruising catamarans, with plenty of room and a good sail-area-to-displacement (SA/D) ratio. They were also refined several times during their production run. Most, for example, came with stub keels, but I have seen some versions with daggerboards.

10 Great Cruising Cats - Sail Magazine

Because catamarans typically draw 4 ft or so, the range of potential anchorages, available to us while cruising, substantially increases wherever we go. Interestingly, during hurricane Irma in S Florida, we were able to moor Snowcat II in a 5 ft deep canal far away from the fray, and suffered no damage.

Amazon.com: Customer reviews: Cruising in Catamarans

It has many of the features we wanted in a cruising catamaran, the most important feature being the semi-raised helm station. This was always a non-negotiable point for us and the Sportop fitted the bill perfectly and added to that, the L450S performance is great for cruising, averaging 160 to 200 mile days easily.
