It's disappointing that there's no convenient menu that lets you just browse freebies. Instead, you have to search for your preferred genre, plus the word 'free' (free science fiction, or free

history, for example). It works well enough once you know about it, but it's not immediately obvious.

Avg Update Manually

I also download the last virus definition file. Then, in AVG, Settings > Update > Virus Definition, I checked the "Manual Updates" option. If I press "Updates" button from the virus definition section, it just tries to connect and the update fails. Previous version of AVG used to have the option: update from a directory.
