Fanuc Teach Pendant Navigation

The FANUC teach pendant is designed for either left or right handed operation. The strap is typically placed on your non-dominant hand, leaving your dominant hand to hit most buttons and navigation keys. The strapped hand is used for the DeadMan switch and often the SHIFT key. The teach pendant is corded to the robot's main controller.

Teach Pendant - Industrial Robotics & Automation

Like a considerate parent, you allow the robot to run at 70% which still gives it a little time to rest between cycles. But every time you walk by the cell, the teach pendant shows a glaring 100% override. The robot works its ass off for a few seconds and then sits there motionless, waiting for the next part to come down the line.
