Why China Is Still Barred from the Space Station: Childish ...

Politics of the International Space Station have been affected by superpower rivalries, international treaties and funding arrangements. The Cold War was an early factor, overtaken in recent years by United States distrust of China. The station has an international crew, with the use of their time, and that of equipment on the station, being governed by treaties between participant nations.

Politics of the International Space Station

Nigeria has signed a Memorandum of Understanding (MoU) with India on cooperation in the exploration and uses of outer space for economic purposes. The agreement was signed by the two counties during a virtual meeting monitored in Abuja on Thursday.

Mapping Political Space Assessing and mapping political space is a key ele-ment for political planning and action. Mapping seeks to identify how open and accessible is existing politi-cal space, who is occupying it, who is excluded from it and what barriers government may have erected to keep civil society out.
