The case studies are preceded by an introductory chapter that discusses current trends in project finance and important themes that run through the case studies. The project case studies were selected to exhibit the types of projects most frequently financed today in a variety of countries. The majority of the projects described have been financed since 1994. Others were selected because they exhibit important milestones in project finance. Among the the distinctive

Project Finance Structuring: Case Study - Nam Theun 2

A case study is a special type of thought leadership content that tells a story. Case studies are narratives that feature real world situations or uses of products or services to demonstrate their value. A well written case study will follow a customer as they define a problem, determine a solution, implement it, and reap the benefits.

20 of the Best Case Study Examples That You Can Copy

"Project finance is a long-established technique for non-recourse financing and is extremely relevant today, with more and more infrastructure and other large projects being developed. Professor Gatti and the other contributors use practical concepts and very relevant case studies to clearly explain project financing to their readers.
