### Snake Oil

Snake oil is a euphemism for deceptive marketing and health care fraud. It refers to the petroleum-based mineral oil or "snake oil" that used to be sold as a cure-all elixir for many kinds of physiological problems. Many 19th-century United States and 18th-century European entrepreneurs advertised and sold mineral oil as "snake oil liniment", making frivolous claims about its efficacy as a panacea. William Rockefeller Sr. sold "rock oil" as a cancer cure without the reference to snakes. Patent m

### Snake oil - Wikipedia

Snake oil is derived from the fat of the Chinese water snake, although there are other snake oils made from boa constrictors, sea snakes, and other species. This fat is processed and refined into a concentrated oil that possesses high levels of an omega-3 fatty acid named eicosapentaenoic acid (EPA), which has been directly linked to a number of benefits for human health.
