Cultural Change. As the hipster example illustrates, culture is always evolving.

Moreover, new things are added to material culture every day, and they affect nonmaterial culture as well.

Cultures change when something new (say, railroads or smartphones) opens up new ways of living and when new ideas enter a culture (say, as a result of travel or globalization).

The Fastest Way To Change A Culture - Forbes

Schein proposed that the way to change culture is to change cultural artifacts — the observable data of an organization, which include what people do and how they behave. Anyone wanting to change a culture needs to define the actions and behaviors they desire, then design the work processes that are necessary to reinforce those behaviors.

How to Change a Culture: Lessons From NUMMI

Culture change depends on behavior and belief change. Members of the organization must clearly understand what is expected of them and how to actually do the new behaviors. Use training to communicate expectations and new behaviors. Mentoring will also help employees learn and change.

Culture-changing activities such as white-water rafting, rock climbing, paint-ball wars, sensitivity training, and other team-building exercises alone rarely have long-lasting effects. Spirits may be lifted or behavior changed for a while, but managers soon fall prey to the same old organizational structures, incentives, processes, and controls."
