Before providing the specific suggestions for the initiatives described in Chapter 1, it is useful to consider the history of teacher supervision and evaluation in the United States. We include the topic of evaluation in our review because it is so commonly linked to supervision. The Early Days of Supervision and Evaluation

A Brief History of Supervision and Evaluation

In actuality, the purpose of supervision is to coordinate efforts that contribute to student achievement. Evaluations are just one component of the efforts used to develop a culture of student achievement. Evaluations are the activities that observe practice and stimulate change and development.

Education and Leadership: Supervision and Evaluation

This focus is evident in the typical pattern of supervision and evaluation: a new goal at the start of the school year; periodic classroom observation, with formal and informal feedback; mid-year and end-of-year meetings to discuss progress toward the goal; and the supervisor's end-of-year evaluation report that comments on the teacher's accomplishments and perhaps lays the groundwork for next year's focus.

Reconceptualizing Supervision and Evaluation

States, districts, and schools all across the United States are busy developing or implementing teacher evaluation systems. One can trace this flurry of activity to a variety of reports and initiatives that highlight two failings of past efforts: (1) Teacher evaluation systems have not accurately measured teacher quality because they've failed to do a good job of discriminating between ...
