Wednesday is Indigo Blue: Discovering the Brain of ...

Wednesday Is Indigo Blue: Discovering the Brain of Synesthesia is a 2009 non-fiction book written by Richard Cytowic and David Eagleman documenting the current scientific understanding of synesthesia, a perceptual condition where an experience of one sense causes an automatic and involuntary experience in another sense. The afterword is written by Dimitri Nabokov, a synesthete, and the son of the well-known author and synesthete Vladimir Nabokov.
