Who a feminist is, is not defined by her marital status, her class, or by how she understands freedom. A feminist is someone, anyone, who desires more from this world, who comes together with other marginalised groups to struggle for a better tomorrow. The typical image of a feminist in mainstream discourse is that she is always angry.

What Can She Know?, a book collecting and synthesizing work begun in Code's 1981 paper "Is the Sex of the Knower Epistemologically Significant?" (Metaphilosophy 1981), is an important step toward articulating the feminist epistemology needed to theorize the interaction of knower and knowing. I suspect the book will be most useful to feminists and to those who already accept postmodern views about the instability of the subject and the constructed nature of reality (as we "know" it).

So, if Olivier is the one taking that upper hand in bedroom, doing and saying things that would kill my mother if she knew the details, can he still be a feminist, too? Absolutely. We're both smart enough to know that the roles we play in the bedroom are just that: roles. Mutual respect is always a part of the fun.
